4. Hiring process
Stage 1: resume screening (2 days).
Stage 2: technical task - candidates build a small RAG pipeline and are evaluated on their understanding of the vector search internals, their handling of edge cases such as API rate limits and empty queries, and the quality of their README documentation.
Stage 3: 45-minute system design interview.
Stage 4: founder chat and offer.

5. Employee benefits
- Annual learning budget: 60,000 INR per employee
- Flexible hours: 10:00 to 18:00 core overlap in IST
- Work-from-anywhere: up to 8 weeks per year
- Health insurance: family floater of 10 lakh INR
- Performance bonus: up to 15 percent of annual CTC

6. Notice period
The standard notice period is 60 days; employees can negotiate a buyout of 30 days of salary.
